Index to Volume 7

1. Articles by Author

Ahking, Francis W., and Stephen M. Miller. "The Relationship between Government Deficits, Money Growth, and Inflation." 4: 447–67.

Anderson, William A. "Indivisibility, Irreversibility, and the Demand for Consumer Durables." 3: 363–80.

Baillie, Richard T., and Patrick C. McMahon. "Some Joint Tests of Market Efficiency: The Case of the Forward Premium." 2: 137–50.

Batten, Dallas S., and Daniel L. Thornton. "The Andersen-Jordan Equation Revisited." 3: 419–32.

Cosimano, Thomas F. "Erratic Monetary Policy and Price Variability." 3: 313–32.

Darrat, Ali F. "The Impact of Fiscal Policy under Rational Expectations: Some Tests." 4: 553–65.

Day, Richard H., and Wayne Shafer. "Keynesian Chaos." 3: 277–95.

Ewis, Nabil A., and Douglas Fisher. "Toward a Consistent Estimate of the Substitutability between Money and Near Monies." 2: 151–74.

Fane, George. "A Derivation of the IS–LM Model from Explicit Optimizing Behavior." 4: 493–508.

Felmingham, B.S. "A Second Best Strategy for the Recovery of Full Employment in the Open Economy." 4: 469–91.

Fisher, Douglas, and Nabil A. Ewis. "Toward a Consistent Estimate of the Substitutability between Money and Near Monies." 2: 151–74.

Fortune, Peter, and David L. Ortmeyer. "The Roles of Relative Prices, Interest Rates, and Bequests in the Consumption Function." 3: 381–400.

Giannaros, Demetrios S., and Bharat R. Kolluri. "Deficit Spending, Money, and Inflation: Some International Empirical Evidence." 3: 401–17.

Harkness, Jon. OPEC, Rationality, and the Macro Economy." 4: 567–76.

Hillier, Brian. Rational Expectations, the Government Budget Constraint, and the Optimal Money Supply." 1: 39–50.
Hosek, William R., and Frank Zahn. "An Alternative Approach to the Estimation of the Real Rate of Interest." 2: 211–22.
Huth, William L. "A Quantitative Look at the System of Economic Indicators." 2: 195–210.
Judge, Guy. "Turning-Point Errors and Directional Errors in Forecasting: A Note." 2: 261–63.
Jung, W.S. "Output-Inflation Tradeoffs in Industrial and Developing Countries." 1: 101–114.
Karacaoglu, Girol. "Liquidity Preference, Loanable Funds, and Exchange-Rate and Interest-Rate Dynamics." 1: 69–83.
Kimbrough, Kent P. "Rational Expectations, Market Shocks, and the Exchange Rate." 3: 297–312.
Kolluri, Bharat R., and Demetrios S. Giannaros. "Deficit Spending, Money, and Inflation: Some International Empirical Evidence." 3: 401–17.
Liebling, Herman I. "The Myth of the Keynesian Recovery." 2: 257–60.
McMahon, Patrick C., and Richard T. Baillie. "Some Joint Tests of Market Efficiency: The Case of the Forward Premium." 2: 137–50.
McGibany, James M., and Farrokh Nourzad. "Income Taxes and the Income Velocity of Money: An Empirical Analysis." 4: 523–35.
McMillan, W. Douglas. "Money, Government Debt, *q*, and Investment. 1: 19–37.
Miller, Edward M. "On the Importance of the Embodiment of Technology Effect: A Comment on Denison's Growth Accounting Methodology." 1: 85–99.
Miller, Paul W., and Paul A. Volker. "Unemployment Insurance Eligibility Rights: Evidence from a Comparison of Australia and Canada." 2: 223–35.
Miller, Stephen M., and Francis W. Ahking. "The Relationship between Government Deficits, Money Growth, and Inflation." 4: 447–67.
Murphy, Kevin J. "Unemployment Dispersion and the Allocative Efficiency of the Labor Market." 4: 509–22.
Myatt, Anthony. "The Adverse Supply-Side Effects of High Interest Rates and Procyclical Real Wage Movements." 2: 237–46.
Nourzad, Farrokh, and James M. McGibany. "Income Taxes and

the Income Velocity of Money: An Empirical Analysis." 4: 523–35.
O'Connell, Joan. "Undistributed Profits and the Pasinetti and Dual Theorems." 1: 115–19.
Ortmeyer, David L., and Peter Fortune. "The Roles of Relative Prices, Interest Rates, and Bequests in the Consumption Function." 3: 381–400.
Peel, D.A. "Global Capital Markets and the Impact of Changes in the Money Stock on Real Activity." 4: 577–82.
Rose, Hugh. "A Policy Rule for "Say's Law" in a Theory of Temporary Equilibrium." 1: 1–17.
Shafer, Wayne, and Richard H. Day. "Keynesian Chaos." 3: 277–95.
Shah, Anup. "A Macro Model with Trade Unions." 2: 175–94.
Sheffrin, Steven M. "Accommodation, Supply Shocks, and Sluggish Real Wages." 3: 333–46.
Sweeney, R.J. "Short-Run Money Demand Functions: Estimated Speeds of Adjustment and Serial Correlation." 2: 247–56.
Takayama, Akira. "Permanent Income Hypothesis: An Optimal Control Theory Approach to a Classical Macro Thesis." 3: 347–62.
Thornton, Daniel L., and Dallas S. Batten. "The Andersen-Jordan Equation Revisited." 3: 419–32.
VanHoose, David D. "Bank Competition and Optimal Monetary Policies under Alternative Reserve Accounting Schemes." 4: 537–52.
Volker, Paul A., and Paul W. Miller. "Unemployment Insurance Eligibility Rights: Evidence from a Comparison of Australia and Canada." 2: 223–35.
Zahn, Frank, and William R. Hosek. "An Alternative Approach to the Estimation of the Real Rate of Interest." 2: 211–22.
Zietz, Joachim. "A Pre-Estimation Sample Separation Method for a Labor Market in Disequilibrium." 1: 51–67.

2. Articles by Title

"Accommodation, Supply Shocks, and Sluggish Real Wages." Steven M. Sheffrin. 3: 333–46.
"(The) Adverse Supply-Side Effects of High Interest Rates and Procyclical Real Wage Movements." Anthony Myatt. 2: 237–46.
"(An) Alternative Approach to the Estimation of the Real Rate of

Interest." William R. Hosek and Frank Zahn. 2: 211–22.
"(The) Andersen-Jordan Equation Revisited." Dallas S. Batten and Daniel L. Thornton. 3: 419–32.
"Bank Competition and Optimal Monetary Policies under Alternative Reserve Accounting Schemes." David D. VanHoose. 4: 537–52.
"Deficit Spending, Money, and Inflation: Some International Empirical Evidence." Demetrios S. Giannaros and Bharat R. Kolluri. 3: 401–17.
"(A) Derivation of the IS–LM Model from Explicit Optimizing Behavior." George Fane. 4: 493–508.
"Erratic Monetary Policy and Price Variability." Thomas F. Cosimano. 3: 313–32.
"Global Capital Markets and the Impact of Changes in the Money Stock on Real Activity." D. A. Peel. 4: 577–82.
"(The) Impact of Fiscal Policy under Rational Expectations: Some Tests." Ali F. Darrat. 4: 553–65.
"(On the) Importance of the Embodiment of Technology Effect: A Comment on Denison's Growth Accounting Methodology." Edward M. Miller. 1: 85–99.
"Income Taxes and the Income Velocity of Money: An Empirical Analysis." James M. McGibany and Farrokh Nourzad. 4: 523–35.
"Indivisibility, Irreversibility, and the Demand for Consumer Durables." William A. Anderson. 3: 363–80.
"Keynesian Chaos." Richard H. Day and Wayne Shafer. 3: 277–95.
"Liquidity Preference, Loanable Funds, and Exchange-Rate and Interest-Rate Dynamics." 1: 69–83.
"(A) Macro Model with Trade Unions." Anup Shah. 2: 175–94.
"Money, Government Debt, q, and Investment." W. Douglas McMillin. 1: 19–37.
"(The) Myth of the Keynesian Recovery." Herman I. Liebling. 2: 257–60.
"OPEC, Rationality, and the Macro Economy." Jon Harkness. 4: 567–76.
"Output-Inflation Tradeoffs in Industrial and Developing Countries." W.S. Jung. 1: 101–114.
"Permanent Income Hypothesis: An Optimal Control Theory Approach to a Classical Macro Thesis." Akira Takayama. 3: 347–62.
"(A) Policy Rule for "Say's Law" in a Theory of Temporary Equilibrium." Hugh Rose. 1: 1–17.

"(A) Pre-Estimation Sample Separation Method for a Labor Market in Disequilibrium." Joachim Zietz. 1: 51–67.
"(A) Quantitative Look at the System of Economic Indicators." William L. Huth. 2: 195–210.
"Rational Expectations, the Government Budget Constraint, and the Optimal Money Supply." Brian Hillier. 1: 39–50.
"Rational Expectations, Market Shocks, and the Exchange Rate." Kent P. Kimbrough. 3: 297–312.
"(The) Relationship between Government Deficits, Money Growth, and Inflation." Francis W. Ahking and Stephen M. Miller. 4: 447–67.
"(The) Roles of Relative Prices, Interest Rates, and Bequests in the Consumption Function." Peter Fortune and David L. Ortmeyer. 3: 381–400.
